

# ANNUAL SUPPORT ADOPT A FAMILY

Ronald McDonald  
House Charities®  
Greater Cincinnati

## Kayleigh needed her family.

Alexandra and Travis were thrilled when they learned that they would be parents. However, their excitement was cut short when their baby girl arrived almost four months early. Kayleigh weighed 1 lb 9 oz and doctors were not sure she would survive. Hundreds of miles away from home, Alexandra and Travis turned to our House for support while they waited for Kayleigh to grow.

For 60 nights, these new parents paced our floors, waiting for the day they could bring their sweet daughter home to complete their family. They celebrated many "firsts" during that time: the first time they were able to hold Kayleigh, the first time her tubes were removed and they could see her face, and the first time they heard the news that she was strong enough to go home. Kayleigh was never alone. She had the constant care and support she needed from her mom and dad, who were just steps away in a room at our House.

**Adopting a family means giving critically ill children a place to call "home" with all of the people and items they need:**

- Comfortable, private bedrooms
- Healthy, home-cooked meals
- Financial relief
- Close proximity to their hospitalized child or medical team
- Indoor and outdoor play areas, laundry facilities, WiFi, arts and crafts room, exercise room, library and many other spaces to share with their loved ones

**"Another first for us!  
Being able to see our  
baby girl's face for  
the first time without  
the ventilator!"**

## Recognizing your generosity

We honor our Adopt a Family donors in special ways, including:

- Your name on a unique, eye-catching wall located in our main living room.
- Recognition in our annual report.
- An invitation to our Donor Appreciation Lunch that takes place in the heart of our House: our kitchen.

**“Thank you for all the House has done for our family. It brings tears to my eyes. We are doing well at home! Kayleigh is one happy baby.”**

Adopting a family at Cincinnati’s Ronald McDonald House means helping us provide the gift of togetherness to a child with a life-threatening illness. With your support, we can give sick children a safe place to play board games with their brothers and sisters.

Moms and dads can make memories with their entire family under the same roof. And at the end of the day, an entire family can relax in their room and get some much-needed rest on comfortable beds.

### Annual Gift Opportunities

Families staying for one to two years

**\$15,000+**

A family staying for one year

**\$10,000**
