# Snacks and Ice Cream Socials

Provide a *sweet* memory for families living in our House by whipping up a tasty treat! Snack Time supplements our Taste of Hope meal program by providing desserts for our meals or a quick breakfast to make the next morning easier for our guest families.

## Snack Preparation

Our guest families are often running to doctor's appointments or have limited time due to the needs of their children. By preparing foods that they can grab and go, you're helping us make sure that they are eating something and letting them know that you care.

Groups interested in preparing snacks should provide 50 servings.

Snacks are prepared during the following times:

- 2-3:30 p.m. Monday-Friday
- 1-2:30 p.m. Saturday/Sunday
- 7:30-9 p.m. any day

With this option, you will *not* be serving your snack to guest families, but simply making it for families to enjoy at their leisure. Families will be in and out of the kitchen during the time you are here, and you are welcome to interact.

## Ice Cream Social

Ice cream socials are a fun way for our guest families to spend time with other families. Groups providing an ice cream social should be prepared to serve the ice cream to families. This option is available Wednesday, Friday and Sunday evenings at 7:30 p.m.

Groups interested in serving ice cream to our families should bring enough ice cream, toppings, cones, etc. for 50 people plus those in your group. Please remember to bring ice cream scoops and disposable bowls and utensils to make for a much quicker and easier clean up. Helpful tip: when planning how much of each item to bring, refer to the serving sizes listed on the ice cream and topping containers.

## Tours

Please note that tours are scheduled separately. If you would like a tour while you are preparing a snack or hosting an ice cream social, please call our front desk to schedule one. You can reach our front desk volunteers by calling 513-636-7642.
